PRIVATE SECURITY

www.mlsscorp.com

WITH OVER 35 YEARS OF EXPERIENCE IN SECURITY, WE SPECIALIZE IN SECURITY SERVICES FOR:

Residential

From residential communities and HOA's, to parks and schools, we have trained officers that will keep you and your family safe!

Commercial

Building owners, malls, shopping centers, and private companies have trusted their security to us for over 30 years. We know how to make the most of your security investments.

Industrial

Manufacturing plant? Distribution center? Construction company? Say no more. Our security experts know exactly what you need and we'll make any necessary adjustments to ensure we secure your investments.

Transportation

With several years of customs experience, we are licensed and bonded to work in several airports. We understand the importance of security in these fields and take very seriously our approach to your needs. Give us a chance to prove to you that we're the best.

Whichever industry you're in, we have security experts that can offer a suitable and cost-effective solution!

Officer Tracking

We use today's best technology to ensure that our officers are caring for your assets with 24hr officer tracking software.

Online Reporting

No more paper reports or hundreds of emails. You will have access to logs, reports, incidents, and more 24hrs a day from anywhere in the world.

Crime and Risk Analysis

We provide quarterly risk and crime analysis to each specific site so that we can continuously improve and better our services.

Customized supplies to meet your needs

We constantly add and change our supplies and technology to stay current. Whether you need a specific type of access control, visitor verification, cameras, or any other, we will cater to your needs.

No lengthy contracts

Unlike most security firms, we don't require you to sign lengthy contracts! We're so confident in our services that we can provide ongoing security on a month-to-month or any other timeline basis that you prefer.

Short and Long-term benefits

Besides quality security and technology services, we offer our clients a wide variety of benefits such as: Risk analysis every quarter, access to reports and other tools and technologies, dedicated local and state manager, long-term partner discounts, invitations to safety and security events, conferences and much more!
